Fullblood (100%) Ram

Name: 3912 Belle Fourche K Boogeyman V511

Born: 05/14/2023

Price:

\$125 per straw, 1 to 4 straws

\$100 per straw, 5 or more straws

Registration

VBSANA: Valais Blacknose Sheep Association of North America

AVBSR: American Valais Blacknose Sheep Registry

VBSS: Valais Blacknose Sheep Society

Eligible for registration in VBISBAR: Valais Blacknose International Sheep Breeders Association & Registry

Comments

Boogeyman semen is available at both Reproduction Specialty Group, Inc. in Indiana and Washington State University —just in time for fall breeding.

Boogeyman has great structure, excellent wool, scrappies resistant (Condon 171: QR), and markings meet breed standard. Contact us for copy of pedigree to confirm Boogeyman provides the outcrossing and genetics you want for your flock.

Some 2024 F2 lambs, Sire Boogeyman

F1 BRED & OPEN EWES FOR SALE

Comments

These proven F1 ewes are from Lincoln or Romney foundation stock. All the ewes have lambed once. Photos of this year's F2 lambs for each ewe are included. The structure, wool, and markings of these ewe's progeny is outstanding. We are only selling because we have too many sheep. These are young ewes with many future breeding seasons ahead. Pedigree available upon request. The ewes and their progeny are eligible to record in all 4 registries: VBSS, VBSANA, VBIBAR, and AVBSR. If you want to jump start your breed up program with quality stock, these are the ewes. All bred ewes will be pregnancy tested via BioPryn before sale.

Price

Bred: \$1,500 each **Open:** \$1,000 each

SOLD

Price: \$750

Comments

Her name is Lincoln. This foundation ewe was our son's FFA project, which is why she is our very last VBN foundation ewe in our VBN breed up program. Our son graduates from high school this year and it is time for Lincoln to find a new home. Lincolns are one of our favorite breeds for VBN foundation ewes. Their beautiful wool, structure, easy lambing, excellent mothers, and good milk supply result in quality progeny. Their white wool serves as a blank canvas for the VBN markings.
